Job Description

We are seeking a Product Designer to create intuitive digital experiences across web and mobile platforms while collaborating closely with engineering and product teams.

Responsibilities

- Design user flows, wireframes, and high-fidelity UI screens.
- Conduct usability testing and incorporate user feedback.
- Maintain and evolve the company design system.
- Collaborate with product managers and frontend engineers.

Requirements

- 3+ years of experience in product or UI/UX design.
- Proficiency with Figma and modern prototyping tools.
- Strong understanding of accessibility and responsive design.
- Portfolio showcasing shipped digital products.

Skills

- Figma
- UI/UX Design
- Design Systems
- Prototyping
- User Research
